

Franchisee – London Borough of Ealing

We are looking for an entrepreneurial sports coach/early years educator to join the Teddy Tennis team as the Franchisee for the London Borough of Ealing.

Our unique curriculum and training program means you do not need a coaching or tennis background to make a great franchisee. However, the main characteristics which our most successful franchisees have are:

- **Enthusiasm:** without exception our franchisees have a real passion for what they do.
- **Perseverance:** running your own business is not easy, and working from home can be lonely. Successful franchisees have the strength to keep going when faced with challenges, and to show determination.
- **Strong communication skills:** franchisees have to train and manage coaches, build working relationships with other franchisees and work with members of the Head Office team. The ability to communicate well is critical to the success of their business.
- **Good administrative skills:** whilst the bespoke Teddy Tennis online system has been designed to minimize the day-to-day administration involved in running the business, attention to detail and strong IT skills are very useful in running a franchise.
- **Fit and active:** franchisees need to be able to train their coaches, and, whilst it is possible for a franchisee to take a backseat from the day-to-day coaching, they need to be able to step in at short notice in an emergency.

Join our team and sort out your work/life balance whilst having the opportunity to make a very satisfactory living by inspiring young children to get active, have fun whilst learning to play tennis too.

If you are interested in this position, please send us a brief overview of yourself via email to info@teddytennis.com or call us on 0345 643 1173.

LOCATION: London Borough of Ealing

HOURS OR WORK: 20 – 60 hours/week
